HARM REDUCTION KIT

Emergency Response Essentials

Harm Reduction Kit

Prepared to Save Lives

The Harm Reduction Kit is crafted for everyday individuals to respond with confidence to overdose response, harm reduction, and drug safety. The 'grab and go' design equips communities with the critical tools they need to save lives.

What's Inside:

- ▶ **Naloxone (optional)**
Reverses opioid overdoses
- ▶ **Medical Tear Away Bag**
Designed to instantly mobilize all critical emergency tools
- ▶ **Drug Disposal**
Dispose & neutralize unused substances to prevent misuse and accidental exposure
- ▶ **Fentanyl & Xylazine Test Strips**
Detect the presence of Fentanyl & Xylazine
- ▶ **Portable Sharps Container**
Protects users & responders from needle injury
- ▶ **Nitrile Gloves**
Non-latex and puncture-resistant for safe handling
- ▶ **Alcohol & Antiseptic Wipes**
Body and surface sanitization
- ▶ **CPR Face Shield**
Provides protective barrier between responder & patient
- ▶ **Adhesive Bandages**
Treat small superficial wounds like cuts & injection sites
- ▶ **Glow Stick**
Visibility in low-light situations, signal for help
- ▶ **Emergency Blanket**
Helps maintain warmth and stability of patients
