

Drug Take Back Made Simple

On-Site and At-Home Drug Disposal Solutions

You have the power to make a difference! Help keep your community safe by making drug disposal accessible at drug take back events and in the privacy of community members homes. Together, through proactive education, advocacy and disposal accessibility, we can prevent drug abuse, reduce environmental contamination and reduce harm to loved ones and pets.

Bringing the Solution Home

- Reusable drug disposal for up to a year
- Disposal in the privacy of own home at any time
- Make every day drug take back day

On-Site Disposal for Your Event

- Deactivate Medications at your event
- No More Driving to DOJ to dispose

PREVENT DIVERSION WITH RX DESTROYER

Preventing diversion, whether at home or in your community, is an important step to ensuring the safety and well-being of community members. Implementing Rx Destroyer can help mitigate the risk of drug diversion and protect the health and safety of individuals, protect our water supply, and foster a safer community.

Rx Destroyer Accepted Items:

- Prescription medications
- Over-the-counter drugs
- Veterinary medications
- High risk drugs such as Marijuana and Oxycodone
- Schedule II-Schedule V Drugs
